OBLMFGJE–Scherer Enterprises Inc.

Corporate Financial Charter & Transactional Ledger Affidavit

This document certifies the operational integrity of the transactional ledger system, including inbound deposits, ACH processing, accounting validation, and intraday balance tracking. All entries are recorded under double-entry accounting principles and validated under compliance controls.

Ledger Reference (Sample)

Account	Type	Debit	Credit
Cash Account	Asset	250,000	
Customer Liability	Liability		250,000

All transactions are verified through cryptographic affirmation and recorded in an immutable audit log. This document is suitable for regulatory, banking, and internal audit review.
